Dear Director,

Consultation Regulatory Impact Statement on proposed changes to QLeave Levies

The Australian Petroleum Production & Exploration Association (APPEA) is the peak national body that represents companies engaged in oil and gas exploration and production operations in Queensland. APPEA's members account for the vast majority of Queensland and Australian oil and gas exploration and production.

APPEA is writing in relation to the Consultation Regulatory Impact Statement (RIS) on proposed changes to QLeave levies that was released in early May 2019 by the Office of Industrial Relations.

APPEA members have provided input into the drafting of the submission prepared by the Queensland Resources Council (QRC) and we have viewed the final comments in QRC's submission. APPEA supports the comments contained in the QRC submission.

APPEA member companies would be pleased to meet with the team managing the review to discuss or provide further information on any aspects of the proposed changes and the potential impact on companies with oil and gas operations in Queensland.

APPEA contact is Mr Matt Paull, email mpaull@appea.com.au.

Yours sincerely

Andrew McConville
Chief Executive
