I want Christmas Eve to be a legislated public holiday because:

We should be able to spend more time with family over the Christmas period instead of working.
I want Christmas Eve to be a legislated public holiday because:

Of my family and a chance to go to early mass with young kids its hard because we dont stop trade till 9pm and thats to late to do church with young ones.

I want Christmas Eve to be a legislated a public holiday because:

I agree that xmas eve should be spent at home with family and friends not at work when you have already been there for extended hours over the previous week. The retail business needs to go back to normal trading hours and stop being so greedy. This is why families fall apart, you spend more and more time at work rather than at home.

I want Christmas Eve to be a legislated a public holiday because:

Christmas is a special time for families - it is the biggest holiday of the year and people often have to travel to be with their family and loved ones if shops closed earlier Retail staff would have more time with family. There are plenty of hours for people to shop before the 24th December so why can't the shop shut early and retailer employees enjoy a public holiday from 6 pm on the 24th December instead of working until 9 or midnight - where is the Christmas love, spirit and compassion for retail employees.

I want Christmas Eve to be a legislated a public holiday because:

For most Australians, Christmas Eve is a special time which should be spent with family and friends, attending church, hanging stockings and wrapping presents. Most Australians, whether practicing Christians or not, observe this time of year as a time to be spent with family, and preparing to relax and celebrate with family and friends. By properly recognising Christmas Eve as a public holiday, we can be encouraged to continue to appreciate and celebrate the very essence of who we are. Without recognition and respect for family values, the very fabric of who we are; decent and caring humans, is further eroded.

I want Christmas Eve to be a legislated a public holiday because:

it is an important time of year for everyone. Service workers have families too, in case you weren't aware, and deserve quality time to spend with them on Christmas eve. It is such an important time of year to be with family. If you are forced to work these hours you should at least be fairly compensated for it. You wouldn't like to work Christmas eve would you? especially at a normal rate of pay. Service workers and their families are just as important as every other family in this country and so therefore deserve to be paid fairly for their work over these hours.

I want Christmas Eve to be a legislated a public holiday because:

Christmas Eve is as important a time as Christmas Day to myself and my family. Much of our joy for Christmas is expressed in various ways on Christmas Eve when family and friends are sharing time together. Christmas Eve is a special night for children and for parents. It is heartbreaking to know there are parents working on this night making them unable to put their children to bed on this very special night. There are NO REPEATS of young children and Christmas Eve. Even when the little ones become teenagers, it is still as important to spend Christmas Eve with them.

Preparing for Christmas Day, having a friends Christmas party, wrapping gifts, opening a “Christmas Eve” special gift and so much more happens on Christmas Eve ONLY. Moments that don’t happen any other day or night of the year!

Christmas Eve is a special night of the year and should be recognised as part of the Christmas holiday time.

I want Christmas Eve to be a legislated a public holiday because:

Well for me a public holiday does not matter we will be open anyway, and being on a salary will still have to work, but for other team, it would be good for those who have to travel to see their family, to spend that one extra day with them, means a lot, also for those who just want to relax on the day before xmas, instead of being worn out from working long busy days, family life balance.

I want Christmas Eve to be a legislated a public holiday because:

In retail we don't get much time of with family at Christmas I myself only have Christmas Day off then back to work most of us have to shop and cook for family at Christmas and have no time to prepare and spend with our loved ones so being paid a better rate would make up for us all working long hours.

I want Christmas Eve to be a legislated a public holiday because:
Retail has become so family unfriendly with the extended trading hours, and management putting unfair pressure on people to work. Retail employees deserve to spend time with their families on public holidays, or special days like Christmas eve. I think the whole day should be a public holiday.

I want Christmas Eve to be a legislated public holiday because:

It's a time when you should be with family getting ready for the big day. Working in retail doesn't give many of us this opportunity and as such we should receive proper penalty rates like every other celebration we miss out on due to working.

I want Christmas Eve to be a legislated public holiday because:

My wife is from a German family and they celebrate Christmas on 24 December. Christmas Eve is a time for them, and it will enable me to celebrate with my wife's family. I also have family coming from interstate for Christmas and being away from work will enable me to spend time with them rather than at work.

I want Christmas Eve to be a legislated a public holiday because:

I am asking does the Premier work on Christmas Eve, I don’t think so.
Or Boxing Day or even on New Year’s Day or Easter Saturday/Sunday or Monday or even Queens Birthday, oh don’t forget
People’s Day for the Ekka. NO so why should we. There is so many Divorced families cause of this.
Come on Government give us a break and let us close for those days cause here in Queensland we only get 4 public
holidays off during the year.
Make Christmas Eve 9-5pm like a public holiday time.
So also Woolworths and Coles and other big food companies to look at this as well

I want Christmas Eve to be a legislated a public holiday because:

It's a night I like to spend with the kids getting the final prep together before Santa comes that night. They won't have to wait until I get home from work at 930pm to do that. We can watch a Christmas movie and really enjoy family time.

I want Christmas Eve to be a legislated a public holiday because:

I have been with the company for 15 years and when my kids were young they missed out a lot on family time. Christmas is a time of family getting together. I was always tied and rushing around to organize this and as a result, myself and my kids didn’t get the benefit of quality time on this special day.

I want Christmas Eve to be a legislated a public holiday because:

I have a European background and we celebrate Christmas on Christmas Eve with our immediate family and being in retail doesn't allow me to enjoy this special time with my immediate family. Essentially the meaning of Christmas, Easter or any other public holiday means nothing anymore, it's just another day that shops can open and trade. The purpose/meaning of public holidays have disappeared with corporate retail greed to earn that extra dollar. The National Retailers Association and retailers in my opinion have a lot to answer for, and to claim people want the shops to be open longer is just plain crap it was proven during the commonwealth games. Besides aren't people shopping online now?
