I want Christmas Eve to be a legislated a public holiday because:

As the shops open way to long and if people can't be organised prior to Christmas well thats their fault. The retail sector is opened way to often and it doesn't allow for a work life balance for retail and fast food retailers. The big business keep expecting more and more from the worker but give nothing back in return!!!

I want Christmas Eve to be a legislated a public holiday because:

Everybody else has the right to spend Christmas eve with family and I believe retail employees should have the same rights. Hours are already extended for all retail, depriving their families of time together. This should not apply at Christmas. Christmas is supposed to be all about family, so it is about time this applied to retail.

I want Christmas Eve to be a legislated a public holiday because:

Then I can do my last minute shopping, relax after wrapping presents and help get the Christmas spirit happening in my household, there's always food to prepare and it's nice to have family time to enjoy. If other people or myself have to sacrifice these things to work on this day then I think they should get paid extra for doing so, otherwise shops should be closed and allow everyone to be relaxed at Christmas time.

I want Christmas Eve to be a legislated a public holiday because:

Extended trading hours have increased so much that family work home life balance is so far out balanced. These increased hours are supposed to be optional but in honesty if you want to keep your position or job are compulsory. If it is made a public holiday it needs to be one where trading of any type is not allowed. Give back precious family time.

I want Christmas Eve to be a legislated a public holiday because:

I have 3 young children and Christmas eve is a special time for us. We watch a Christmas movie together before the kids go to bed to get ready for Santa.

I want Christmas Eve to be a legislated a public holiday because:

Working in retail is difficult around Christmas. We have significantly less time to do our shopping, cook our food and wrap our gifts; we spend less time with our family and friends and are quite often the object our customers take out their Christmas stress on. Giving up so much time during such an important time of year isn’t easy, and people need to stop pretending it is.

I want Christmas Eve to be a legislated public holiday because:

I believe Christmas is a special time of year and all workers should have the right to work or spend it with their family.

I want Christmas Eve to be a legislated public holiday because:
Retail workers need a break. They do not get enough family time with the trading hours now, or at the very least be compensated.

I want Christmas Eve to be a legislated public holiday because:

Everyone should be free to enjoy the holiday with family and friends and not have to negotiate or compete to have the night off.

I want Christmas Eve to be a legislated a public holiday because:

Everyone has the right to celebrate with friends and family. We work hard for months to prepare for this time of year, and should be allowed more than one day of celebration.

I want Christmas Eve to be a legislated a public holiday because:

It is important time to be with my family. We have a tradition each xmas eve and like every other family it is time to be together and prepare for xmas day. Customers already have ample time to shop in the lead up to xmas with extra trading hours. It is an exhausting time for retail staff and workers deserve to be able to relax and enjoy time with their own families. I would prefer all shops close as a minimum at 5pm on xmas eve.
