**I want Christmas Eve to be a legislated a public holiday because:**

There is no need for workers to be working after 6pm as trading is always dead because everyone is at home with family having Christmas while us workers are at work missing Christmas with friends and family. This year I have had my first child and I'd rather be at home spending his first Christmas with him than be at work at missing it. I know the customers are number 1 at this time to meet their Christmas need but someone needs to think about the workers as well and be put in their shoes. No one wants to work Christmas missing precious time they could be with family. It's ridiculous

It is a day where most people want to be with their families, especially when some families celebrate their Christmas dinner on Christmas Eve. In my 15 years of of retail I have forfeited alot of holiday time with .my family working on Christmas eve, sometimes until the late hours, in preperation for the biggest day of sales in the retail calendar... boxing day. That being said it would be nice to have that high payrate as bit of a thank you, for chosing to be at work instead of enjoying the holidays with your family. We also know christmas time is quite hard on everyones pocket, so it would go a lomg way in reliving some christmas finanical stresses should this be an option available to staff.

**I want Christmas Eve to be a legislated a public holiday because:**

I work in management. I never get any time off over the Christmas period. I have been in this industry for the last 13 years. That is 13 years of family memories I haven't been apart of because I have been bound to my work during the "festive season". Not only am I required to be there for my contracted 40 hours a week, I am required to work an extra 50% on top of that to ensure my department can trade successfully and shoppers are able to find what they have come in to buy. I can't even celebrate and be merry on Christmas Day because I know I need to be back in the store by 5am Boxing Day to set up for the craziest day of the year. Another day of family celebrations missed. So if I even have the slightest chance to spend an extra evening at home with friends and relatives means more to me than anything!

**I want Christmas Eve to be a legislated a public holiday because:**

I believe it's the most special time of year, that should be spent with family and friends...not at work! It should be purely a choice whether or not we work at that time!

**I want Christmas Eve to be a legislated a public holiday because:**

It is a time which should be spent with family. The store in which I am employed is usually very quiet after 6pm on christmas eve. We usually have few customers as most people are at home with their families

The Public have plenty of time to shop prior to Christmas Day. My opinion is that all shops etc close at 5pm Christmas Eve. Its not always about the money for retail workers, family time is far more important.r

Dear Premier,

I support the Christmas Eve Part-Day public holiday because...

① We need to be with family on Christmas Eve.  
we need time to travel to be with loved ones.  
Mental health is a huge issue in our Society,  
we need to focus on what is important to workers  
and I see this issue as a very pertinent one  
for people in the workforce.

Dear Premier,

**I support the Christmas Eve Part-Day public holiday because...**

most people have done their Christmas shopping by Christmas Eve.

I have worked in Grocery Retail for a very long time & the Christmas Eve evenings are so quiet that it is not really all that important to be open & therefore why should staff be working mainly doing cleaning up when they could be home & enjoying the night before Christmas with their family or travelling to be with family on Christmas Day.

I wish to spend Christmas Eve at home with family or if I am rostered to work, it is only fair to be paid extra wages.

Kind Regards,

Dena. R. Geraghty.

Dear Premier,

I support the Christmas Eve Part-Day public holiday because...

My name is Catherine Parsons and I am Catholic. Christmas is a Holy time of the Year just like Easter. The true meaning of Christmas when Jesus was Born and how we truly celebrate it as a family. Ever year I have worked it and been extremely tired to celebrate it properly. Retail forgets that Holy times of the year are forgotten and that spending time with family and friends and attending Mass services over Xmas is very important. Not about making heaps of money. Family First. I went to St Marys High and what the Nuns + Priest taught us was real reason for Xmas/Easter. Jesus Born - Jesus Died for us.

Dear Premier,

I support the Christmas Eve Part-Day public holiday because... I think it is important that I can have time off work to be with my Family and Friends.

I also think Christmas Eve is an important time to prepare for Christmas Day.

Making it a Public Holiday will give me the opportunity of earning Penalty Rates if I have to work.

Please ensure that the legislation goes through to make Christmas Eve a Public Holiday.

Kind Regards,

Jeff Edwards.

**Dear Premier,**

**I support the Christmas Eve Part-Day public holiday because...**

Christmas Eve for our family is the day/night we celebrate (European Christmas) with each other. It is also a time where everyone should have the opportunity to be with their families the night before such an important occasion (Christmas). No one wants to be out at work and rushing home to organise Christmas day.

**Kind Regards,**
